Avionics Cooling Fan
I-Vertical Speed Indicator
3 Bose Active-Noise Headsets

Here is your chance to own a one-of-a-kind Enstrom 480B Helicopter. It has had only 2 private owners since new, NO damage of any kind and only three techs have ever worked on it from day one! This machine went back to the factory in 2019 for a complete upgrade to a "B" with a First Class Avionics suite to polish it all off. Standard Aero also looked over the Engine. The total cost was \$410,212! It is just coming out of a complete Annual Inspection with new 3-year TT Straps. This helicopter is ready today for work or play! There is just over 800 hours before any real money needs to be spent. It starts and flies SUPER. If you are looking for a Real Nice 480B at a good price, look no further, here you go.
