

Enstrom 280FX 1986

Valuation Date: November 13, 2025

Average retail value
\$180,000

Adjusted retail value
\$206,925

Saved Valuation Details

Aircraft registration number: N8631P
Aircraft serial number: 2009
Last Update Date: November 13, 2025

Helicopter	Engine Takeoff Power: Lyc 225 hp HIO-360-F1AD
Serial Number Range: 2009 through 2012	Engine TBO Hours: 1500
Average Retail Trend Since Previous Quarter: \$0	Overhaul Cost: \$55,000

Revision: 2025 Q3

Item	Average Retail Price	Average Wholesale Price
Published Rates	\$180,000.00	\$150,000.00

Disclaimer

The Aircraft Bluebook is a service for purchasers, sellers, broker/dealers and others in the industry to assist them in arriving at a fair market value of an aircraft.

All valuations outlined in the Aircraft Bluebook should be considered representative averages for the type, model, and year of manufacture of that aircraft over the recent calendar quarter. Individual circumstances will vary.

Intended as a guide to valuation, the Aircraft Bluebook value summations are based on recently observed transaction activities of similar types and combined with user input value adjustments to arrive at a likely valuation. These values, however, cannot fully consider all relevant factors, conditions, or market dynamics. To accomplish an exacting, individualized valuation, an aircraft appraisal is required.

The information contained here is prepared with great care and pride from many market sources, is edited, and is believed to be correct but cannot reflect all the particular factors involved in the professional appraisal process of any particular aircraft.

Historical value reference material, previous quarters' data, is provided for general trend analysis and market pricing changes occurring since the latest edition.

The publishers do not warrant the accuracy of the source material and assumes no responsibility to any person or persons in connection with the use of this guide.

In case of error or omission, the liability of the company, if any, is limited and may not exceed the amount paid for the service during the period covered by the Aircraft Bluebook in which the error or omission occurred.
